

Our use of Cookies

We use cookies on our website.

What is a Cookie?

A cookie is a piece of information, like a tag, that's stored on your computer, tablet or phone when you visit our website. It can help identify the device you use whenever you visit us, so we can remember who you are. Cookies are used by websites including ours, to provide you with a better experience when you visit our website and for other reasons, including remembering your preferences. Cookies also help us understand how visitors use our site, for example, what pages they view and for how long, this assists us create a better site for everyone to experience.

What Cookies are there?

There are two types of Cookie:

Session Cookies - are temporary. They start working once a visitor begins using our site and are deleted once the visitors browser is closed.

Persistent Cookies - will remain on a visitors device until the time set for the Cookie to expire passes or the Cookie is purposely deleted.

These types of Cookies are activated each time a visitor returns to a our site. Cookies fall into four categories;

1. Strictly necessary

2. Performance
3. Functionality
4. Targeting/Advertising

Strictly necessary Cookies

These types of Cookies are required for a visitor to use our website, for example to navigation and to use the features we have made available. These Cookies do not collect information about you and cannot be used to identify you or used for marketing purposes.

Performance Cookies

These types of Cookies assist us to understand how visitors use our website. They do not contain or collect any personal information and are only used to help us improve the visitor experience on our website.

Functionality Cookies

These types of Cookies enable visitors to customise how a website operates for them. Functionality Cookies can remember and auto insert Usernames, set a website's language preference and storing your used preferences on Your Account page

Targeting/Advertising Cookies

These types of Cookies allow websites to deliver relevant advertisements to you. Targeting/ Advertising Cookies are '1st party', placed on a website by its owner or '3rd party', when a website owner

has given permission to an alternative organisation for the Cookie to be placed on its site, often an advertising network.

Why do we use Cookies?

We use Cookies to:

Provide visitors with a the best experience possible when on our websites

Learn about how our site is visited and used so that we can continue to improve it

What Cookies do we use?

Includes but may be not exclusive to;

Analytics and Tracking

Google Analytics

SharpSpring

How you can manage your Cookies

We do not recommend rejecting the use of Cookies or deleting them. However, when you visit our website, if you have set your browser to reject the use of Cookies, your experience and capabilities of using our website will be diminished.

Links to other websites

We may provide links to external resources that we believe to be useful to you. These links will lead you to websites managed by third parties

that operate using different policies. Should you click on one of these links you will be leaving the Oliver & Graines site for a site over which we have no control.
